Music

Curriculum Intent

Bilton Community Federation

It is our intent that children will leave our schools resilient, emotionally literate, aspirational, effective communicators who are happy and therefore ready for the next stage of their life through the behaviour, knowledge and skills they have learnt whilst in our care. If we can achieve this for our children then we believe we are giving them the best opportunity to achieve success in their life. Through an inclusive and stimulating environment we will develop every child and allow them to write their own story in life. This intent is defined as our REACH principles.

Resilient: Every child is resilient.

Emotionally Literate: Every child is aware of their feelings and those of others.

Aspirational: Every child aspires for more in their learning and in life.

Communicators: Every child is an effective communicator.

Happy: Every child has the right to be happy.

Our vision is to empower children to make a positive impact on the world and to apply the following values in all they do: **Care, Co-operation, Honesty, Forgiveness, Respect and Resilience.**

At Bawnmore, we believe that all children should have the opportunity to experience, achieve and enjoy music. Music is a subject that brings people together and supports learning across the curriculum. Our teaching of music is built around the four key areas of the National Curriculum: listening, composing, performing and evaluating.

We value music as a powerful tool for confidence building, self-expression, social connection and pure enjoyment. It also plays an important role in promoting our school identity and uniting our local community.

Music is more than a subject at Bawnmore—it is part of the golden thread that runs through our curriculum, helping to support children's wellbeing, creativity and sense of belonging.

We follow the Charanga music scheme, which offers a spiral, progressive curriculum designed to develop musical skills, knowledge and confidence from Reception through to Year 2. The scheme supports children in becoming expressive, thoughtful and reflective musicians.

Each unit of work brings together the key elements of musical learning:

- *Listening and appraising*
- *Singing and performing*
- *Improvising and composing*
- *Musical notation and vocabulary*
- *Understanding the interrelated dimensions of music*

Through Charanga's engaging, interactive lessons, children:

- *Sing with fluency and expression*
- *Play tuned and untuned instruments with increasing control and confidence*
- *Explore a wide range of musical styles, genres and cultures*
- *Recognise and use musical features such as pitch, tempo, dynamics, timbre, duration, texture and structure*
- *Create and perform their own short compositions and improvisations*
- *Build an appreciation for music's role in history, celebration, culture and everyday life*

Charanga's structure ensures clear progression while remaining flexible enough to reflect pupil interests and class topics. This helps to embed music across the wider curriculum and enhance learning through creativity.

Cultural Capital

At Bawnmore, we strive to equip children with the knowledge and cultural capital they need to succeed in life. The Cultural capital is the accumulation of knowledge, behaviours, and skills that children can draw upon and which demonstrates their cultural awareness, knowledge and competence. For children to aspire and be successful academically and in the wider areas of their lives, they need to be given rich and sustained opportunities to develop their cultural capital and music is a subject that is able to help children achieve this. Music is a wonderful way to showcase the differences and similarities and allows us to engage the children's curiosity and to develop an understanding of the wider community. Music provides an opportunity for children to experience other cultures in a supportive and informative environment, enhancing their own personal cultural capital.

What makes our curriculum unique?

All children at Bawnmore have weekly music lessons of up to an hour dependant upon their Key Stage. These lessons will either be taught by the class teacher or a specialist music teacher. In the lessons, children are provided with the opportunity to listen to a variety of genres of music, compose their own music and to play a wide variety of both tuned and un-tuned instruments.

In Year 2, children have the opportunity to join the school choir, where we rehearse for a number of important performances. Our choir has taken part in many activities such as performing at The Temple Speech Room, Christmas and Leavers Assemblies, our annual helpers' tea and at local care homes. Through these performances, the children gain memorable experiences that enhance their appreciation of music.

We have a weekly whole school singing assembly where the children learn good musical posture and technique. Songs learned often have actions to include even our youngest children. Our children sing in tune with clear diction, and with confidence and enjoyment.

All children perform at events such as our Christmas Carol Service at the local church, Christmas year group productions and assemblies for parents. Through our links with Rugby School, they experience at least one live music performance each year at school and watch many live streamed performances throughout the year.

How the curriculum is organised

The Charanga Musical School Scheme provides teachers with week-by-week lesson support for each year group in the school. It is ideal for specialist and non-specialist teachers and provides lesson plans, assessment, clear progression, and engaging and exciting whiteboard resources to support every lesson. The Scheme supports all the requirements of the national curriculum.

In line with the curriculum for music and guidance from Ofsted, this Scheme moves away from the previous levels and learning objective/outcome concepts to an integrated, practical, exploratory and child-led approach to musical learning.

How the Scheme is structured

Each Unit of Work comprises the of strands of musical learning which correspond with the national curriculum for music:

1. Listening and Appraising
2. Musical Activities:
 - a) Warm-up Games
 - b) Optional Flexible Games
 - c) Singing
 - d) Playing instruments
 - e) Improvisation
 - f) Composition
3. Performing
